VCAL, literacy and numeracy skills

Develop the Foundation Skills to create effective pathways and personal opportunities across the social, vocational and educational aspects of life and within your community.

THE PROGRAM

Join our friendly, hands-on classes to catch up on reading and writing skills while working on tocis and projects that interest you. Talk to our friendly teachers who will help you find the best program for you.

The Centre provides a flexible learning structure that can be customised as required and according to learners’ learning needs.

Prepare for VCAL

Prepare for VCAL is the first step towards getting back into learning and completing your secondary schooling. It is ideal preparation for a successful pathway into VCAL. It includes:

- hands-on learning experiences within a small group
- personal learning program and goals
- range of short courses to develop strong employability skills and personal development to build confidence and resilience.

VCAL (Victorian Certificate of Applied Learning)

Develop your job seeking, and literacy and numeracy skills in a supportive, adult learning environment.

The program provides people aged 18+ who left school early, with real life learning in a structured, supportive, flexible adult learning environment. Our students participate in Foundation, Intermediate or Senior VCAL and can choose from a variety of VET and other courses as part of the VCAL. The Intermediate and Senior VCAL have Year 12 equivalence.

Back to basics with reading and writing

Short course for people who want to improve reading and writing skills for everyday use in a fun light-hearted friendly space. Have fun within a light-hearted and relaxed class environment. Make new friends while learning. You can enrol at any time.
